EDUCATION

Bennett University (CGPA 9.0) **May 2025**
Bachelor of Technology in Computer Science, Specialization in Fullstack

Mayo International School **May 2021**
Class XII (CBSE) 86.6%

EXPERIENCE

WEB Developer Intern **Sept 2023**
CoderCave

- Worked on 2 projects implementing front-end technologies.
- Creation and implementation of 5+ responsive and user-friendly web interfaces using HTML, CSS, and JavaScript.
- Created 2 responsive websites from scratch using Html, CSS, and Javascript.
- Applied 5+ responsive and userfriendly features.

Management Co-Head **Aug 2022**
FullStack Club Bennett University

- My role involved coordinating with team members, facilitating knowledge sharing sessions, mentoring 10+ junior team members and enabling their professional growth.
- Spearheaded the seamless organization of workshops, seminars, and hackathons, driving engagement and knowledge sharing across the organization; resulted in a 30% increase in attendance and a 25% improvement in participant feedback ratings.
- This experience has honed my technical knowledge, and ability to work collaboratively in a team, resulting in a 60% increase in team efficiency and saving over 20 hours per week.

PROJECTS

Portfolio Website | *HTML, CSS, and JavaScript* **Jan 2024**

- Designed 1 visually appealing portfolio website using HTML, CSS, and JavaScript, showcasing proficiency in front-end web development.
- Developed a responsive and user-friendly layout by using 10 different javascript features to ensure optimal viewing experience across various devices,
- Utilized JavaScript to enhance interactivity, implementing features such as smooth scrolling, image sliders, content loading.

SAFE | *Python* **April 2022**

- Participated in the development of a application named SAFE with a team of 3, which is a Python password manager app with auto-typing functionality for login credentials.
- Orchestrated the development of a user-friendly interface, streamlining user interactions and improving overall user experience; resulted in a 40% increase in user engagement and a 25% decrease in customer support inquiries.
- Designed a user-friendly interface to improve user experience. Proficient in Python, Tkinter for GUI, and Pyautogui, aimed to improve user efficiency up to 90% through the application features.

CERTIFICATION

- HTML, CSS, and JavaScript for Web Developers (Johns Hopkins University)
- The Bits and Bytes of Computer Networking (Google - Coursera)
- Machine Learning with Python (IBM - Coursera)
- Deep Learning and Reinforcement Learning (IBM - Coursera)
- Introduction to Structured Query Language (University of Michigan -Coursera)
- Building Web Applications in PHP (UNIVERSITY OF MICHIGAN)
